Finegan Asks Observance Fire Prevention Day

By Associated Press.

HARRISBURG Sept 30—General observance in the public schools of Fire Prevention Day October 10 is urged of school superintendents principals and teachers throughout the state by Dr Thomas E Finegan state superintendent of public instruction in a letter which he is sending these officials Suggestions for suitable programs in the schools also are being sent out

Superintendent Finegan calls attention to a letter sent out early in the year suggesting to superintendents and principals that every precaution possible be taken in the matter of fire prevention and fire drills The letter also calls attention to the request of the Bureau of Fire Protection of the Department of State that the day be observed

The United States commissioner of education, Dr. John J Tigert has asked that the schools of the nation shall observe the week ending October 29 as a National Safety Week' the superintendent's letter says This will enable the schools of Pennsylvania to extend their discussions of fire risks to those that result from accidents that beset us on every hand."

The letter appeals to the school officials "to render every assistance possible in these matters to make Pennsylvania not only fire-proof but also accident proof"

Although no definite plans have been made for the observance in the schools all principals of the various buildings will be instructed to bring the matter before their students If special bulletins are not received from Harrisburg the school district will use its own methods Fire prevention will also be discussed at the safety talks given the students each week

FATHER SCHEER DISCUSSES THE DIVORCE QUESTION

Remarriage of Divorcees Positively Forbidden, Lecturer at West Side Church Says.

Divorce was discussed by Rev Father Scheer in his address last evening at the mission at St Rita's Catholic church West side In part he said

The doctrine of the church about perfect divorce is well known and almost universally lauded Marriage according to the Catholic belief is not only a natural contract between husband and wife but it has been elevated for Christians by Jesus Christ to the dignity of a sacrament We teach that God is the author of the married state God created Eve that she might be a help to Adam and Adam affirmed that it was God who gave him Eve as a companion Marriage therefore owes its origin to the Creator of heaven and earth When Christ came on earth He inaugurated His mission at the wedding feast of Cana in Galilee By a special enactment He set marriage apart and placed it among the great things of life

When St Paul desired to institute a comparison by means of which to convey to the Christian world some idea of the sanctity of the married state he compared the love of husband and wife to the love of Christ for His church

The marriage bond once validly contracted can never be dissolved during the lifetime of the parties A separation may be warranted for certain grave reasons but death alone can dissolve a valid marriage In Matthew X Mark X Luke XVI I Corinthians VII we have the plain teaching of Jesus Christ and of His great apostle that marriage validly contracted is indissoluble No exception is made for any cause in these texts whether the woman was dismissed for marital infidelity or not Hence we have six separate and distinct texts of the Inspired Scriptures which permit of no second marriage after the dismissal of one of the parties, no exception is even hinted at and it must be admitted that it is not for every moral precept that we have such an accumulation of proof

The only text that can be called doubtful is Matthew XIX in which is placed an excepting clause for marital infidelity This text has two parts one referring to the dismissal of the guilty party and the other to re-marriage

The Catholic church teaches that the excepting clause refers to the first part of Christ's discourse so that on account of marital infidelity it is permissible to dismiss the guilty party non-Catholics claim that it refers to the second part of the text so that on account of marital infidelity the innocent party may marry again It would appear therefore that the text is obscure and we must seek its real meaning by comparing it with other texts of the author in similar circumstances treating of the same subject. We must call in other texts of Scriptures we must examine how the disciples of the Teacher interpreted His words we must consult the sense of the faithful which is handed down by an uninterrupted tradition And all these manifest that the preponderance of probability is in favor of the Catholic interpretation

Tonight's sermon will be especially for the young men and young women

CARL WANDERER DIES SINGING POPULAR AIR

By Associated Press.

CHICAGO Sept 30 —Singing a popular song, Carl Wanderer convicted of the murder of his bride her unborn babe and a ragged stranger whom he hired to stage a fake hold-up was hanged at the Cook county jail at 7 19 this morning Wanderer walked to the gallows with firm step and as he took his place on the scaffold repeated a short prayer after a minister

Asked if he had anything to say he replied in the affirmative and as the shroud was adjusted on his head he started the song Old Pal Why Don't You Answer Me? He was singing when the trap dropped

The crime for which Wanderer was hanged was the murder of his dupe in the fake hold-up who recently was identified as L J Ryan Wanderer also was convicted for the murder of his bride of less than a year and her unborn child but the jury in that case fixed the punishment at 25 years in prison

County Red Cross Work Past Year Is Greatest Since Its Organization

Civilian Relief, Public Health, Nursing, First Aid, Baby Clinics Lead.

INSURANCE REINSTATED

The annual meeting of the board of directors of the Fayette County Chapter American Red Cross was held in Uniontown Wednesday afternoon Members of the board present were W Russell Carr Rev A Bodill Dr O R Altman and C S Hurry Uniontown J Fred Kurtz chairman J L Norton J L Marcell and J J Hooper Connellsville Rev D A Hoon Fairchance and H A Cotton Brownsville

A detailed report of the activities of the chapter during the past year was submitted by W P Schenck executive secretary This report showed that the accomplishments of the chapter during the past year had been greater than any other year since its organization and the volume of work and number of cases handled are more than any other twelve month period

At the present time the principal activities of the Fayette county chapter consist of civilian relief or home service work public health nursing first aid instruction conducting of classes in home nursing and the holding of baby clinics

The civilian relief or home service bureau continues to be the most active and important part of Red Cross activities This is due principally to the great amount of service still to be rendered to those who were in the military service during the war and of all manner and kind of after war problems to solve It would further appear that this particular class of work will continue for many months and even years to come In the three Red Cross offices in the county Uniontown Connellsville and Brownsville there are files of nearly 2,000 ex-service men and of this number less than 10 per cent are closed cases The relief bureau approximately 2,030 are classified as active and in addition new cases are continually coming on an average from 30 to 40 a month The civilian relief bureau also renders relief and assistance to all civilians needing its service This in itself means a great volume of work and during the past year over 1,000 individuals classified as civilians have been assisted and rendered service through the chapter A big portion of the civilian cases are those where financial assistance is needed and the Red Cross is making regular allowances and furnishing financial relief to many families in distress throughout the county Furthermore since the present business depression the demands have become much greater and daily request for relief and assistance are made

A detailed report submitted by Mrs Mary P Buckner secretary of the civilian relief or home service bureau shows that during the past 12 months 957 new cases have been handled 523 of which are soldier's cases and 388 civilian cases The total number of cases handled by this bureau to date is 2,307 and 1,647 cases have been dealt with during the past year During the period covered by this report 72 compensation claims for ex-service men have been filed 14 affidavits made 7 investigations for discharges 97 investigations to charity and similar organizations 78 applications for burial expenses for licensed soldiers 17 requests for information regarding naturalization 21 social histories to mental cases 21 contacts made for the federal board and public health 79 instances consultations and in other manner aid and aid of problems Communication was carried on with nine foreign countries involving many phases concerning relatives who live in Fayette county and investigations made in five cases of immigrants held at Ellis Island The amount of insurance reinstated during the year by the civilian relief bureau was $300,000 making a grand total of over $2,000,000 of insurance reinstated for ex-service men by the county Red Cross Approximately $300 is paid out in monthly allowances to widows families or families wherein the father is in the tubercular sanitorium or insane asylum and the mother is left with several small children in the home and entirely Continued on Page Eight

LECTURES AT DAWSON TO COMBAT TENDENCY TO NEGLECT RELIGION

Father Demorest, Pittsburg, Former Resident of the Town, Will Be Speaker.

Beginning Sunday evening at 7 30 and continuing for a week at the same hour a series of lectures on religion will be delivered at Sacred Heart Catholic church at Dawson by Rev Carl H Demorest of the Pittsburg apostolate The subjects will be as follows

Sunday October 2 The Hold of Christ in Its Beginning Monday The Hold of Christ in Apostolic Times Tuesday Can We Be Certain About the Teaching of Christ Wednesday The Bible in Religion Thursday God with Us Friday Why Catholics go to Church on Sunday Saturday Forgiving Sins Sunday Why I Became a Catholic

A question box will be placed at the church entrance to receive questions on religion for which the questioners desire answers These will be given by Rev Demorest preceding the evening lecture Rev Edward A Glennon pastor under whose auspices the lectures will be given extends a special invitation to non-Catholics to attend the lectures which are free

Rev Demorest is a former Dawson boy and a convert to the Catholic faith He spent 10 years at St Vincent's abbey in education for the priesthood and later took a post graduate course in the College of Missions Washington D C

Realizing the growing tendency to the neglect of all religion Father Glennon has arranged this course of lectures with a view to contributing something toward counteracting the growing indifference

Undoubtedly religion is the need of the day Father Glennon said but it is evident that not any old religion will do Religion has been revealed to man by Almighty God and it must be this revealed religion and no other that will save us from the radicalism and revolutionary tendencies that appear in our social system Living in the Christian era we must certainly accept that religion revealed by Jesus Christ and established upon the earth The greatest obstacle toward establishing the reign of Christ by the spread of His faith is that very fallacy in the minds of people that we can accommodate religion to our own tastes and fancies Whenever we are convinced that Christianity is fixed and unchangeable made so by infinite wisdom so that it is the same in all ages and adaptable to all peoples then we shall be on the way to the restoration of religion in our social life

HOPE STILL HELD FOR HALTING FIRE AT POPLAR GROVE

An active movement is on foot to stop the mine fire burning in the Poplar Grove section Charles B Frank has taken a hand and with the cooperation of the citizens of Connellsville and residents of the section mentioned at present is endeavoring to get state and county aid

The commissioners have promised to do all in their power and the authorities are very familiar with the danger there Time cannot be lost it is declared and it is feared the deadly gas which is fatal, from the fire may prove injurious to the health of persons living there

A C Stickel and S F Wright have volunteered the use of their steam shovel but the men are lacking It is pointed out that the danger from the fire will not be confined to the burning section but will eventually reach portions of Connellsville and for this reason Connellsville citizens are being looked to to make a greater endeavor to have something done

The fire is now burning under the State road in several places but it is anticipated ... beyond it efforts to extinguish it will be entirely useless it is claimed

B. & O. Shows Gains From Passenger Traffic During First Half Year

BALTIMORE Sept 30 Despite the drop in travel the Baltimore & Ohio Railroad company during the first six months of 1921 earned $1,010,101 more from traffic than during the same period in 1920 During the first half of 1921 1,058 fewer passengers were carried The increased revenue was due to the fare increase effective in the fall of 1920 due also in part to the longer journeys taken by the average passenger this year than last proportionally reducing the cost of transport

The average fare for each passenger per mile journey for 1921 was 3 ... cents and last year 2.747 cents The company carried 6,098,471 passengers for the first six months of 1921 compared with 7,457,307 for the same period last year with a revenue of $11,... for this year against $... for 1920

FORMER RESIDENT CELEBRATES GOLDEN WEDDING ANNIVERSARY

An event of no little interest to the older residents of Connellsville was the celebration at Hillsboro, O on September 19, of the 50th anniversary of the marriage of Mr and Mrs Leander Detwiler The interest arises from the fact that Mr Detwiler was born in this section and spent his young manhood in Connellsville becoming chief clerk in the mechanical department of the Pittsburg & Connellsville railroad at the age of 16 On Christmas Day 1867 just before he took his departure for Hillsboro he was presented with a gold watch by the employes of the railroad as a token of their esteem

Shortly after he established himself as the proprietor of a confectionery and book store in Hillsboro he met Miss Emma Saylor daughter of Mr and Mrs Jacob Saylor of Hillsboro and that time a student in Hillsboro college from which she graduated at the age of 18 Having an aptitude and taste for art she attended the Cincinnati Art Institute where she developed unusual talent as a portrait painter The marriage of the couple took place September 19 1871 and they have since made Hillsboro their place of residence continuously occupying the home which was a wedding gift to the bride from her father It was in this home that the celebration which was purely an informal affair took place Friends in Connellsville and vicinity who knew of the approaching event sent a shower of congratulatory cards

In a letter to C H Whitely Mr Detwiler very gratefully acknowledges the reminders from the dear friends of long ago In this letter he recalls that he united with the Methodist Episcopal church of Connellsville in company with about 70 others on Christmas morning 1867 At that time Rev L B Griffin and Rev McIntire were pastors He served as recording steward and superintendent of the Sunday school for eight years preceding his departure for Ohio He was a member of the Connellsville school board meantime Since his residence in Hillsboro he has served as superintendent of the Sunday school of the Methodist church of that place for 73 years He devised a system of keeping church records which is now in use by 16 000 officials of the church in the United States Being an expert penman he taught writing and drawing the Hillsboro schools for 11 years Advancing age has not impaired his skill with the pen his letters being remarkable examples of the style of writing prevailing when he learned the art

The family of Mr and Mrs Detwiler comprise three daughters one of whom is an art teacher another a teacher of the violin and the third librarian of the Hillsboro library Their home is described by a local paper as a veritable art gallery

Tanlac Accomplishes Remarkable Results In Geo. H. Nickels Case

Prominent Wisconsin Man Says Tanlac Promptly Relieved Him of Bad Case of Stomach Trouble of Six Months' Standing—Gains 27 Pounds and Feels Fine as a Fiddle.

It is an unquestionable fact that Tanlac is now being more widely endorsed by well known men and women than any other medicine on the American market One of the latest to testify is George H Nickels well known lecturer, residing at 327 Wells street Milwaukee Wisconsin

Tanlac has not only completely restored my health but I have actually gained 27 pounds in weight said Mr Nickels in referring to the remarkable benefits he had derived from the medicine

For something over six months my stomach was very badly disordered I suffered terribly from indigestion and dyspepsia At times I would be in great distress and I would invariably experience an uncomfortable bloating feeling for hours after eating I had no appetite scarcely and the little I ate would often make me deathly sick My head ached until I felt like it would burst and I was so nervous I trembled like a leaf When I got up in the mornings I was so weak and dizzy I couldn't trust myself to walk around and I just hurt all over

"Tanlac has brought about a wonderful change in my condition for I am now enjoying the very best of health My appetite is splendid I relish my meals Everything agrees with me perfectly The nervousness headaches and dizzy spells are all gone and I never have an ache or pain I am only too glad to tell others about the wonderful good Tanlac has done It has no equal

Tanlac is sold in Connellsville by the Connellsville Drug Co and by leading druggists everywhere —Advertisement

Fringed Boots
A. D. 1603

"In James I reign the tops of boots were very large, were fringed with lace and turned down as low as the spur. Their latter were so long that a gentleman had to 'step aside' when he walked in order to avoid catching the fingers of one foot with the spur of the other."

THE CAMBRIDGE: *The new Cortley Ulsterette*

A new attitude toward clothes

WELL—styles have changed since the reign of James I. And even the most crabbed of us will admit that they have changed for the better.

Today there is a new attitude toward men's clothing. We are beginning to realize that our clothing should reflect the spirit of our time and surroundings.

Designed in New York, Cortley Clothes express the alert spirit of the metropolis—its assurance of correctness. To excellence of material and the finest of tailoring, they add an elusive element of style which gives a smartness and individuality that is thoroughly distinctive.

FRIDAY EVENING, SEP. 30, 1921.

THE MINE FIRE MENACE.

Residents of Connellsville and vicinity apparently do not realize the serious situation that is being created by the mine fire in progress along that part of the Mount Pleasant road which has been closed to traffic. If they did they would no doubt protest in most vigorous terms against the proposition to tear up the highway, scoop out the coal underlying, refill the excavation and rebuild the road without any further effort to stay the progress of the fire. Important as this road is as a main thoroughfare the quenching of the fire is vastly more so, not only to the community immediately adjacent, but to the whole city as well.

Without means being employed to at least confine the fire within its present limits, with a view to completely extinguishing it within a reasonable period it will constitute a menace to the lives and health of a large number of people for years to come and may result in the destruction of considerable property and possibly loss of life. With a wide expanse of territory embraced in the Hill Top suburbs consisting of abandoned mine workings which afford facilities for the rapid spread of the fire it will not be long until a veritable furnace of fire will be raging underneath a very important residence section of the city.

As the fire continues to advance dangers from it will multiply. It is barely possible that fissures in the overlying strata may have openings into the cellars and thus provide a passage way into homes for noxious gases that are being generated by the combustion of the coal and thus imperil the lives of the occupants. Already residents along East Francis avenue and vicinity have had experiences with inhaling the fumes when a stiff wind is blowing over the fire in their direction. In and about Poplar Grove the offensive odors from the fire are observable at all times. These conditions but forecast what the people in the north and east end of the city and the dwellers on Hill Crest will experience with increasing inconvenience as the fire gains headway.

There has been an inexcusible apathy on the part of some interests in taking steps to halt the progress of the fire, the general attitude having been that it was up to the other fellow or interest to do something while all have apparently refused to regard the situation as one of public instead of private concern.

At this late date when the fire has spread to limits which are not yet accurately defined quenching of the fire will require an extraordinary expenditure of money and effort. Much the larger part could have been saved had prompt and energetic action been taken in the early stages of the fire but there was a lack of cooperation on part of the state and other interests to assume any share in the task. But this is ancient history now. The present and the future conditions are the matters of large concern at this time. This is the problem to which the people of the entire community must address themselves and with such energy that the necessary assistance to remove this menace to life and property will be forthcoming.

THE PROPOSED RAILROAD MERGER.

There is at present no assurance that the tentative plan of the Interstate Commerce Commission for the consolidation of the principal railroads of the United States in 19 systems will become the permanent plan authorized by the Transportation Act to be made effective. It is safe to assume however that after certain revisions are made the consolidations will be carried through essentially as announced.

Objections to the proposed grouping of roads are quite certain to be offered at the hearings to be held by the commission before any plan is finally adopted. Some of the roads will doubtless see disadvantages in being assigned to this or that system, but after a thorough consideration, schedules of consolidation will no doubt be worked out which are in the main satisfactory to the roads concerned.

Whatever the attitude of the individual roads on the matter of their inclusion in a particular system there is not likely to be much adverse criticism of the general plan of the Interstate Commerce Commission. The fundamental object is to improve the transportation system of the country, strengthen the weaker roads and effect a more equitable division of traffic in order that better service may be rendered. This is to be accomplished through linking railroads together to form a series of trunk lines from east to west, each serving what might be termed a traffic zone and giving to each adequate terminal facilities in the large traffic producing and distributing centers. Secondary routes to the lines of which run generally north and south, will be utilized as feeders or connecting links between the trunk lines. It is a fundamental part of the plan that the several parallel systems shall be competing thus giving to shippers a choice of routes between point of origin and destination of traffic.

On the whole the plan is a most comprehensive and logical one and apparently will result in a solution of many of the transportation problems which it is essential to the country's progress should be solved. If made operative it should bring about noteworthy improvements in transportation service and stimulate the industrial and commercial development of all sections.

In western Pennsylvania the consolidation plan will result in very material benefit. The Connellsville coke region and the Pittsburg district being traversed by four of the largest trunk lines will be given recognition commensurate with their importance as traffic producing centers. The terminal facilities to be given the Baltimore & Ohio in the east and west will give needed strength to this system. The expansion of the New York Central system to more completely cover the north and east will afford a direct outlet to these sections.

In making the Western Maryland an integral part of a new system this line will be released from its present limited sphere of usefulness and given that importance as a unit in a great trunk line it was originally intended to occupy. Incidentally the construction of the long proposed Connellsville to Wheeling road will give a new outlet from the coke region to the west eliminating the freight delays incident to movement through Pittsburg and will open the Greene county coal field to development by a line bisecting it from east to west.

Because of improved facilities for reaching the great consuming markets which these consolidation plans provide, the Connellsville region will follow with a lively interest the progress in bringing them to completion.

A Soldier's Funeral.

J. W. Chase in Pittsburg Post.
Some soldiers marched by to the cemetery
Bearing three beautiful flags with them
Faded and frayed by the storm of battle
This was an inexpressibly beautiful sight
Upon a caisson the dead soldier rode
In a casket enwrapped in a flag and held
Secure by two comrades of the soldier boy
Seemed greater than anyone in the street
Although a crowd with the usual mass of people
Greatest is he who dies for his country
But I marveled amazed and dumbfounded
For I alone in that populous street
I only raised and uncovered my head
While the soldier boy passed to his grave.

COKERS READY FOR GAME WITH JOHNSTOWN ELEVEN; LINEUP NOT ANNOUNCED

Flood City Outfit Will Find Victory an Uphill Job.

LOCALS FEELING TRIM

Football fans are watching the weather report for tomorrow with interest. There is nothing desired so much as a clear, cool afternoon, which will enable the teams of Connellsville and Johnstown high schools to put forth their greatest efforts.

The game is the first real big clash of the season and there seems to be an under vein of feeling that Johnstown might be handed a surprise when they do battle at Edsall Field.

Coach Wine has had his men working hard throughout the week and this consistent practice should bring results. It is too early in the season for any one to go loose and as a result the men are all bursting with enthusiasm and spirit. The one aim seems to be to beat Johnstown and then following down the long string of hard games to a real successful year.

Last season, when opportunity to beat Johnstown seemed almost hopeless, the team went to the Flood City and held its opponents to a 0-0 score. That put new life into the team, and with a victory this year it would be a big thing for Coker morale.

It has come to a point where the players realize that teachings of the coach alone will not win games. It is up to the men who wear the uniforms. If the players keep themselves in good health and get all the required sleep they are taking a big step inwards victory. Past defeats have shown this to be necessary and it is about time the gridders were finding it out.

Considerable comment on the school spirit, both among the players and the rooters themselves, has been made this season. Such enthusiasm will work well in two directions. It will gove the team encouragement to go on and the results of the team's efforts will keep its following in a supporting mood.

* * * *

Tomorrow will mark the opening of the football season for the Connellsville Tornadoes. The outfit will play the Company E team at Mount Pleasant. A special car to carry rooters from here has been chartered.

* * * *

A new face in the Coker lineup may be seen tomorrow if substitutions are necessary. Gillo, second string quarterback, has been showing lots of aggressiveness in scrimmage, and may prove valuable during the season.

* * * *

Burkett will not get in the game tomorrow. His weekend ankle is still in bad shape. He would be able to fill a hole in the line.

* * * *

"Summer" Neid, who has been playing halfback, is out of the game with an infected elbow. He does not know what caused the infection.

* * * *

Wilson got a hard blow on the head and has been off for a few days.

* * * *

Johnstown, first considering the Cokers easy, is now awakening to the fact that the game will not be a "snap." The visitors will be prepared to show all their wares for a victory.

* * * *

Automobiles will be parked a little farther back from the ropes this week, as it will be necessary to allow more space for the crowd. When machines get too close the spectators go under the ropes and crowd the sidelines.

* * * *

The Connellsville Junior Tornadoes would like to hear from football teams, either at home or abroad, averaging between 130 and 135 pounds. For games call Tri-State 521-W, or write Joseph King, 602 Johnston avenue, Connellsville.

About the time they discovered a cataract on Ty Cobb's eye he knocked the ball over the fence. Other ball players would give a whole lot to have the same kind of a cataract.

New York Giants Idle But Win Race

The National league pennant went to the New York Giants yesterday while the team looted Pittsburg losing two to St. Louis and thus being mathematically eliminated from the chase. It now appears that the world series will be played in New York between the Yankees and Giants. Cleveland lost in Chicago while New York was defeating Philadelphia. The Yankees need but one more game to win the flag. They play Philadelphia today.

The Pirates lost the first game yesterday, a 19-inning affair, to the Cardinals by a 5-4 score. The second was called in the sixth on account of darkness with the score 3-1, also for St. Louis.

* * * *

What is expected to be the final game of baseball in this section will be played at the Capstan grounds at South Connellsville tomorrow afternoon between the P. H. C. lodges of Connellsville and Uniontown. The game will be called at 3:30 o'clock.

Credit Brahma With All Songs.

Hindus believe that Brahma, whom their scriptures say is the creator of the universe, also is the father of music. He is described as wearing a "form of sound," and his followers teach that he has delegated the supervision of the music he evolved to the goddess of learning, Saraswati.

To Saraswati is attributed invention of the complicated musical instrument the "vina." Vocal music in India dates back to the chanting of the Sham Veda. The Vedas were written about 2500 B. C. and contain references to several musical instruments.

The Hindu system of notation has seven notes and was perfected about 350 B. C., passing from India through Persia to Arabia, and introduced into Europe in 1022 A. D. by Guido d'Arezzo, a Benedictine monk.

Studebaker

This is a Studebaker Year

For the first eight months of 1921,

Our sales of Studebaker Cars were:

41% MORE than for the same period of 1920.
101% MORE than for the same period of 1919.

But our sales of Repair Parts were:

13% LESS than for the same period of 1920.
3% LESS than for the same period of 1919.

While the total numbers of Studebaker Cars sold were:

326,000 up to September 1st, 1919.
375,000 up to September 1st, 1920.
442,000 up to September 1st, 1921.

Summing up 116,000 more Studebaker Cars were maintained in operation with 3% less parts business than two years ago, which conclusively proves that—

Studebaker Cars are standing up in service and staying out of repair shops, to a degree unexcelled, we believe, by any cars of whatever price.

The Studebaker Corporation of America.

LEVINSON'S

128 N. Pittsburg St. Connellsville, Pa.

"No, but he tried to Mac I'll tell the world he did and he thrust out the hand of forgiveness to Scraggsy who realizing he had come very hand somely out of an unlovely situation clasped the hands of Mr Gibney and McGuffey and burst into tears While Mr McGuffey thumped him between the shoulder blades and cursed him affectionately, Mr Gibney retired to change into dry garments when he reappeared the trio went ashore for the promised grog and a luncheon at the skipper's expense

CHAPTER V.

A week had elapsed and nothing of an eventful nature had transpired to disturb the routine of life aboard the Maggie until Bartholomew McGuffey having heard certain waterfront whispers considered it the part of prudence to lay his information before Scraggs and Mr Gibney

Look here, Scraggs' he began briskly "It's all fine an dandy to promise me a new boiler, but when do I git it?

'Why jes as soon as we can get this glut o' freight behind us Bart my boy You've managed with the old boiler this long so it pears to me you might be patient an bear with it a mite longer Bart"

"Oh I ain't tryin to be disagreeable Scraggs, only it sort o' worries me to have to go along without bein able to use our whistle"

"Well fix it when business slacks up" Scraggs decided with finality He glanced at his watch 'Sufferin sailor!" he cried in simulated distress Here it's one o'clock an I ain't collected a dollar o the freight money from the last voyage I must beat it

Wher Captain Scraggs had beaten it" Gibney and McGuffey exchanged expressive glances He's runnin out on us' McGuffey complained

Even so, Bart even so Therefore the thing for us to do is to run out on him In other words we'll work a month, save our money, an then without a word o complaint or argyment we'll walk out"

"Oh I ain't exactly broke Gib I got eighty five dollars

Then" quoth Gibney decisively 'we'l go on strike tonight Scraggsy'll be stuck in port a week before he can get another engineer an another nasal gatin officer's me an you bein the only two natural born fools in San Francisco an' ports adjacent an before three days have passed he'll be huntin us up to compromise

I don't want no compromise What I want is a new boiler

You'll git it Well make him order the paint an the boiler an pay for both in advance before we'll agree to go back to work'

The engineer nodded his approval and after sealing their pact with a hearty handshake they turned to and commenced discharging the Maggie When Captain Scraggs returned to the little steamer shortly after five o'clock to his great amazement, he discovered Mr Gibney and McGuffey dressed in their other suits—including celluloid collars and cuffs

'The cargo's out Scraggsy my son the decks has been washed down an everything in my department is shipshape' Thus Mr Gibney

Likewise in mine' McGuffey added

Consequently' Mr Gibney concluded were quittin the Maggie an' it's all the same to you we'll have our time'

'My dear Gib Why whatever's come over you two boys?'

'Stow your chatter Scraggs Shell out the cash You've fooled us once in the matter o that new boiler an the paintin an' we're not goin to give you a second chance Come through—or take the consequences Well sail no more with a liar an a fraud

Them's hard words Mr Gibney

'The truth is allers bitter McGuffey opined

Captain Scraggs paused to consider the serious predicament which confronted him It was Saturday night He knew Mr McGuffey to be the possessor of more money than usual and if he could assure himself that this reserve should be dissipated before Monday morning he was aware from experience that the strike would be broken by Tuesday at the latest And he could afford that delay He resolved therefore on diplomacy

Well I'm sorry he answered with every appearance of contrition You fellers got me in the nine hole an I can't help myself At the same time I appreciate fully your point of view while realizin' that I can't convince you o mine So we won't have no hard feelings at partin boys an to show you I'm a sport I'll treat to a French dinner an a motion picture show afterward Further I shall regard a refusal of said invite as a personal affront

By golly you're gittin sporty in your old age the engineer declared I'll go you scriggs How about you Gib?

I accept with thanks Scraggsy old tarpot For quality I maintain that seamen should leave their troubles aboard ship

'That's the sperrit I appreciate hots Come to the cabin in I'll pay you off Then wait a couplee minutes till I shift into my glad rags an' away we'll go like Paddy Ford's goat —on our own hook

Old Scraggs is as cunnin as a pet fox ain't he the new navigating officer whisper'd as Scraggs departed for his other suit He's goin to blow himself on us tonight, thinkin to soften our hard resolution We'll fool him take all he gives us but hand out Bart'

Bart nodded His was one of those sturdy natures that could always be depended upon to play the game win lose or draw

As a preliminary move Captain Scraggs declared in favor of a couple of cocktails to whet their appetites for the French dinner and accordingly the trio repaired to an adjacent saloon and tucked three each under their belts— Bart Captain Scraggs expense When he proposed a fourth Mr Gibney's perfect sportsmanship caused him to protest and reluctantly Captain Scraggs permitted Gibney to buy Scraggs decided to have a cigar however instead of another Martini The critics of the fountain then indicated that McGuffey should set em up which he did over Captain Scraggs protest—and again the wary Scraggs called for a cigar alleging as an excuse for his zealousness that for years the cocktails before dinner had left his stomach bluff A fourth cocktail on an empty stomach he declared would kill the evening for him

But why dwell on to sordid and vulgar details? Suffice that when the artful Scraggs pleading to be overcome by his potations and very ill into the bargain begged to be delivered back aboard the Maggie Messrs McGuffey and Gibney loaded him into a taxicab and sent him there, while they continued their search for excitement Where and how they found it requires no elucidation here it is sufficient to state that it was expensive for when men of the Gibney and McGuffey type have once gotten a fair start naught but financial dissolution can stop them

On Monday morning Messrs Gibney and McGuffey awoke in Scab Johnny's boarding house Mr Gibney awoke first by reason of the fact that his stomach hammered at the door of his soul and bade him le up and do Mr While his head ached slightly from the fiery usquebaugh of the Bowhead saloon he craved a return to a solid diet so for several minutes he lay supine conjuring in his agile brain ways and means of supplying this need in the absence of funds each I'll have to hock my sextant" was the conclusion at which he presently arrived Ten minutes later he took his sextant under his arm and departed for a pawnshop in lower Market street From the pawnshop he returned to Scab Johnny's with eight dollars in his pocket routed out the contrite McGuffey and carried the latter off to him and eggs

Baby's Sore Chafed Skin

The Cause of Untold Misery Nurse Tells How to Avoid It

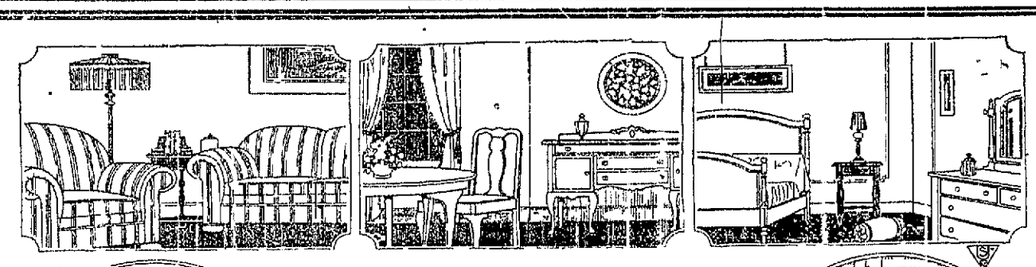

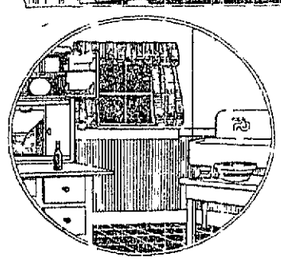

Philadelphia Pa — Sykes Comfort Powder has been used on this little boy with great success in keeping his skin free from chafing scalding, rashes and soreness which is the cause of so much misery among children In my eleven years work as a nurse I have never found anything to equal Sykes Comfort Powder for this purpose —Lottie E Sloper, Nurse 1011 Pine St, Philadelphia Pa

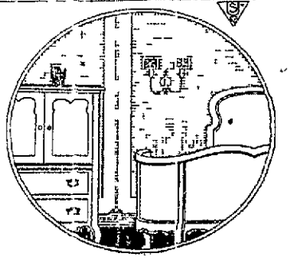

The reason Sykes Comfort Powder is so successful in healing and preventing chafing scalding rashes and skin irritations is because it contains six healing, antiseptic ingredients not found in ordinary talcums Physicians and nurses call it a Healing Wonder"

WHAT class of food interests and appeals most to the hungry man? Is it the fancy grade with the high-sounding titles, put up in lavishly decorated cartons or cans, or is it the homely old-fashioned kind that satisfies the appetite and "sticks to the ribs?" The TEN TEN store caters to a wide range of customers. Among whom are some with epicurean tastes and others who desire only such food as is nourishing and that satisfies a healthy appetite.

We have been most successful so far, in satisfying both classes. The wealthy banker and the humble day laborer select their food from our tables and shelves and seem to enjoy the privilege the self service system affords.

We conduct a place along sanitary lines, sell nothing but the best the market affords, and keep the store and stock so that it presents an attractive appearance at all times. If you are not a customer come in and verify this statement.

WHY IS HAGAN'S ICE CREAM SO MUCH IN POPULAR FAVOR?

In offering our explanation we have no time for words of idle bombast or boasting. The reason, we believe, is simply this: For years we have used only the highest grade of good, rich milk and cream from the finest dairies of the East; the sugars we have continued to buy have been as fine as was ever served on your family table; and our splendid equipment and modern methods of manufacture have enabled us to adhere to the strictest principles of sanitation.

PURITY being our watchword—here are two of our greatest agencies for making our ice cream wholesome and pure:

PASTEURIZATION, CARBONATION Germ-life can't survive with this combination working against it.

Now you see why you are taking no chances on impurities when you eat HAGAN'S CARBONATED ICE CREAM.

HAGAN'S "BLACK RASPBERRY SPECIAL"

COUNTY RED CROSS WORK FOR YEAR IS BEST YET RECORDED

Continued from Page One.

without an income. Twenty-four quarts of milk are being supplied daily to families in which the income is not sufficient to permit milk for the undernourished children. The sum of $108.94 has been spent for milk at eggs alone for undernourished children and tubercular patients. During the past year federal representatives spent 48 days in the Red Cross offices of the county, making contact through the Red Cross with disabled soldiers. Showing the high esteem in which the Fayette county chapter is held by national headquarters and recognition of the work done by its home service section, a national Red Cross scholarship was granted to one of the staff. Miss Marguerite Snider, meeting all of the requirements, was granted a full scholarship at Bryn Mawr college, taking special training and engaging in special research work along the lines of social service.

A special report submitted by Mrs. Gertrude W. McKee, in charge of the Connellsville office, showed that during the year 407 new cases were handled. Of these 224 were disability and compensation cases of ex-service men, 51 unemployment cases, 18 civilian cases sent to hospitals, 63 investigations for assistance, 19 insurance reinstatements, 20 ex-soldiers sent to public health service hospitals, nine social histories for mental cases, and many other classes and kinds of service. Through this office 1,726 office interviews were held, 309 visits made to homes, 1,306 letters written, affidavits and compensation blanks filled out, 58 forms prepared for the Federal Board for Vocational Training, 17 blanks for medical evidence for ex-soldiers, 12 papers filled out for funeral expenses of soldiers brought from overseas to their homes for burial. Insurance reinstatements in the office to date amount to $400,500. Mrs. McKee reports very few of her cases are closed and that new matters are continually developing in old cases.

Miss Virginia Hann of the Brownsville office also submitted a report showing 350 cases through that office, 100 of which were new cases during the last eight months, or since she took charge. Of the new cases 58 are those of ex-service men and 42 civilian cases. Four hundred and thirty letters have been written and affidavits made. There have been 250 calls at the office, 198 telephone calls, 109 visits made, and papers have been prepared for 40 ex-service men for government compensation. Miss Hann has had guardians appointed for five minor children, three children placed in homes and one in the hospital for treatment. Her report further shows that shoes and clothing have been bought for children so they could attend school, families have been placed on regular allowances where there was no income, several patients placed in T. B. sanitariums and assistance secured in a number of cases through the poor board, relatives or other agencies.

A report submitted by the bureau of nursing shows that during the past year part of the time of which the Red Cross had but one nurse, the remainder two nurses, a total of 3,334 visits were made, of which 2,807 were regular nursing visit, 98 pre-natal visits, 36 child welfare visits, 34 social service visits and 89 other visits. Miss Mary Shaffer in the Uniontown district and Miss Elizabeth Harper in the Connellsville district are the Red Cross nurses, and in addition to regular nursing service they conduct classes in home nursing, Little Mother's league classes and baby clinics.

A report of the first aid bureau showed that 215 men were enrolled in the various first aid classes conducted under the name of the Fayette county Red Cross during the year. Of these 152 passed their examinations and were given Red Cross first aid certificates. Forty-six were given first aid medals for advanced work.

In the home nursing classes 110 women were enrolled, 49 of whom were granted home nursing certificates.

In the Junior Red Cross 17,136 school children, representing about 150 schools, were enrolled during the year. The principal accomplishment of the juniors during the year was the raising of nearly $3,500 for European and Asiatic relief among destitute children.

The Fayette county chapter also conducted a first aid station at the Uniontown speedway and Dawson fair, and also had a very attractive Red Cross display at the fair.

This being the annual meeting for the nomination of officers the following were nominated for the coming year: J. Fred Kurtz, Connellsville, chairman; Dr. O. R. Altman, Uniontown, first vice-chairman; H. A. Cotton, Brownsville, second vice-chairman; E. T. Norton, Connellsville, treasurer; R. M. Fry, Uniontown, secretary; Rev. E. A. Hoell, Uniontown, director of bureau of employment; W. Russell Cort, Uniontown, director of bureau of civilian relief; Mrs. Frank R. Crow, Uniontown, director of the bureau of nursing; F. W. Wright, Connellsville, director of the bureau of supplies; R. J. Arnett, Uniontown, director of the bureau of accounting; H. G. Sturgis, Uniontown, director of the bureau of publicity; directors-at-large, F. E. Markell of Connellsville, D. K. Orr of Brownsville, W. N. Winans of Brownsville and G. S. Hurah of Uniontown. The annual election will be held at chapter headquarters Wednesday, October 26.

The Fifth Annual Roll Call, to be held November 11-25, was discussed and the board will put forth a special effort to make this a success. Earl S. Areford of Uniontown has already been appointed chairman, and a publicity director and roll call committee will be named next week.

Importance of attending the national convention, to be held at Columbus, October 4-8, was brought to the attention of the board and there will no doubt be eight or 10 from Fayette county that will attend, including J. Fred Kurtz, chairman, and Earl S. Areford.

IF YOUR EARS RING WITH HEAD NOISES.

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get one ounce of Parmint (double strength), and add to it one-fourth pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble in the ears, is hard of hearing or has head noises, should give this prescription a trial.

Lasso Delaware Sturgeon.

St. Georges, Del.—How Willnam Beckett and William Bayer lassoed a sturgeon in the Delaware river at the upper end of Reedy Island, is one of the big items of conversation in lower New Castle county.

The men sighted the sturgeon and having no paraphernalia they decided as a joke to try to lasso it with a small rope. A lucky throw caught the huge fish behind the gills.

ASPIRIN

Name "Bayer" on Genuine

"Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

STATE POLICE DECIDE STANDARD CASE SUICIDE

Man Arrested In Connection With Death of John Greski Freed.

NOT ALL ACCEPT FINDING

Some Hold That Man Could Have Had No Motive for Ending Own Life and That He Was Victim of Foul Play; [illegible] Has Hole in It; Other News.

Special to The Courier.

MOUNT PLEASANT, Sept. 30—After working all day yesterday on the case of John Greski, who was found dead on the West Penn tracks at Standard on Wednesday night, the state police pronounced the cause suicide and released Jacob Hartwig, who had been arrested in connection with Greski's death. The car that had struck the man was examined closely and hair was found on the portion of it. The wound in the head apparently made by a pick was caused by the car, it was decided.

Men were found who had seen Greski at 8:10 o'clock walking out the state road and from that time no one seen him.

Hartwig was arrested because he and Greski had argued over election liquor until John Gozinski at whose home they were playing cards had ordered them out. Hartwig had an alibi, proving where he was from the time he left the Gozinski home shortly before 8 o'clock until 11 o'clock when he retired.

Greski's hat was found above the West Penn bridge at least 25 yards from where the car struck the body. The hat had a hole in the brim. There are those around Standard yet who feel that Greski had no motive for suicide and that he must have met with foul play.

Cleaning Plant Burned

Last evening shortly after 6 o'clock a gasoline tank exploded and set fire to the dry cleaning establishment of Costmorio C. Delu [illegible] in the rear of [illegible] Main and Church streets. The plant had been recently installed at a cost of between $800 and $900. Building and machinery were totally destroyed and some clothes that had been there being cleaned. The loss [illegible] will reach over $1,000. Quick work of the fire department saved the house that stand in front of where the cleaning plant is located.

Intergrade Football Games.

The eighth grade of Mount Pleasant schools defeated the seventh grade in football at Frick park here. [illegible] games. STATE DEPUTY WARDEN PAYS STRIKING TRIBUTE TO NERV-WORTH

Frank H. Dinsmore, Former Ohio State Deputy Warden Gave This Weighty Statement Recommending Nerv-Worth Some Time Ago.

"While in Columbus some time ago I tried a sample dose of Nerv-Worth and I then concluded I'd try a bottle when I got home," said Mr. Dinsmore, who lives in Coshocton, Ohio.

"I was tired out and my system was run down, and I thought a tonic like Nerv-Worth would do me good, and I found it brought the answer. I am highly pleased with the results and cheerfully recommend Nerv-Worth for run-down people."

The above is but one of the [illegible] statements from people who hold high public offices. Such men do not endorse anything that does not have merit and for that reason their statements offer the most convincing of proof. If you are in a run down or nervous condition or suffer from stomach troubles, give Nerv-Worth a trial and if it does not help you your money will be refunded.

You will finally come to [illegible] Nerv-Worth [illegible] [illegible] $1.00 [illegible]

Special for High Schoolers

JOHNSTOWN win Saturday? Never! Not if school spirit and grit and the luck of the game are working together.

Johnstown outroot us, then? Never! Not when both of us work to prevent it.

Your school colors are here—toy footballs are here—everything necessary to make C. H. S.'s turnout this year the biggest, gaudiest, most red blooded ever.

Watch the windows Friday and Saturday for the High School's special display.

New Shoes at $7.50

SOMETHING we've long been looking for—many of us—the news of a low priced shoe in an attractive model.

Well, here we have it at last—in light tan and dark, Goodyear welt, ball strap, low walking heel model—a semi brogue type affair.

Found at all widths and sizes—a real buy at the price. Special $7.50.

Special in Silks

KREPE Knit, the season's latest fabric, will be featured during the silk sale at an unusual price. Found in Japan blue, navy and black. Priced per yard, $3.50.

Satin Charmeuse—that perennial favorite—will be featured in navy and black ($2.50 value) at $1.95.

40 in. Radium Taffeta in a deep lustrous black ($3.00 value) is reduced to $2.67.

And for the woman who has adopted the vogue for black—36 in. black velvet, fit for a queen, ($3.50 value) specially priced $2.74.

A Remarkable Sale of Remarkable Coats At $38——and——$48

JUST two things combined to make this unprecedented offer possible. First, an overstocked manufacturer—willing to dispose of his coats at almost any price. Second, our good fortune in being able to make arrangements to accept them.

And though our advertising shuns superlatives as a mole shuns the sun, we feel duty bound, nevertheless to tell you that we can guarantee these coats to be the best values we've seen for the past five seasons. This Sale is an important—a momentous event!

At $38

Fur collared and cuffed or plain tailored styles, fully silk lined, in such sought after cloths as fine velours, Normandy and Bolivia. Colors, navy, brown, reindeer, Sorrento. Priced last year $69.50 to $85. Regular prices this year $49.75 to $65. Special Sale priced $38.

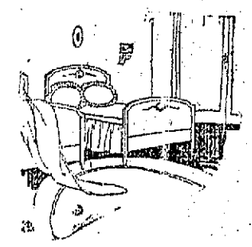

Imagine, if you will, Madame and Madamoiselle, a splendid collection of fine velours, Normandies and Pollyannas—plain tailored or trimmed in beaverette, skunk or opossum—the type of garment that has been the envy of our second floor all season—priced only $38 and $48.

Recall the cold tang of a fair winter morning—the joy and warmth of a coat with fur collar caressing your face. What a wonderful chance this will be to prepare for the winter to come—and to save your good money. Will you come in today?

At $48

Proud models of Panvelaine, Pollyanna, and Normandy, fully silk lined, plain tailored or collared in beaverette, skunk and opossum. Color, taupe, seal, navy, Sorrento and black. Priced last year $85 to $125. This year's price $69.50 to $95. Special Sale priced $48.

With blankets reduced 33⅓% to 50%

THERE is scarcely any limit to the amount of comfort a mother can store up for her family during our blanket sale—and scarcely any limit to the money she can save.

Prices are from 33⅓% to 50% lower than last year's and the quality is so much more satisfactory than it was in years past.

Pillows and sheets, comforts, and every bedding necessity are likewise reduced—right at a time when it's best to prepare for the winter.

With the end of this Bedding Sale already in sight it is folly to delay purchasing longer. —Second Floor

Look to your Bathroom

AND let us consider the many, many things that the Housefurnishings Sale can do for it.

Does it need towel bars, soap dishes, glass shelves, a tumbler holder, a paper holder or a tooth brush rack?

All these items are reduced to the following scale. Those $2.50 and under reduced 10%. Those over $2.50 priced 20% off.

The Basement also holds a word of housecleaning necessities—every one reduced — ranging from floor wax to brooms.

For Men
Suits $29.50——Overcoats $25 and $35

The Suits

YOU were right. We said $29.50—and this in the Fall of 1921.

The suits we refer to are in one big lot—about 100 in all—herringbones, mixtures, unfinished worsteds, in single and double breasted models. Sizes 33 to 44.

There are many new Fall models among them. Formerly priced $35 to $40 they will be specially priced Friday and Saturday at $29.50.

Perhaps you figured that you simply couldn't get a suit this season—on account of the price.

Forget it, old top! Come and see these today—you'll be proud to get in one.

The Overcoats

YOU can get an overcoat — good-looking, well-tailored—at a very low price—in spite of the croakers.

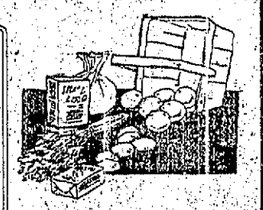

The coats herein offered are browns, blacks and greys both belted and plain, to appeal to advanced and conservative tastes.

They are good, warm, manly garments—some just new for Fall.

Formerly priced at a much higher level they are special today at $25 and $35.

Fall Shirts $1.35

A special for Saturday only. New Fall dress skirts in percales and madras. Sizes 14 to 17—good-looking affairs. Priced $1.35.
